Subject: General REACH (1907/2006) statement

**Dear Customer!**

We inform that we have received the decision of the European Chemicals Agency (ECHA) in Helsinki confirming assigning the registration number for the substance with EC number 235-527-7. The complete registration has been made for 10-100 tonnes per year.

The registration number for the product **CETOX-50: 01-2120762253-58-0002**

In addition, as a "downstream user" we are a manufacturer of products and we are, and will be concerned to use only registered substances. These activities are coordinated well with our suppliers.

We ensure that Oxytop company intends to fully comply with the regulations of REACH system and secure long-term future for our products, to which you as our customers, can have full confidence. We will provide you with registration numbers in the Safety Data Sheets in accordance with the requirements of the REACH Regulation.

If necessary, we are willing to provide more information.

With regards,

mgr Inż. Renata Diugosz
